An Invitation to Apply for the
Director of Philanthropic Engagement
The Learning Alliance

At The Learning Alliance, our work is predicated on the question: "What does it take to create a Moonshot community of literate, curious, compassionate lifelong learners who will improve our world?"

The Learning Alliance is committed to creating a better tomorrow by taking a stand for our children today. We are a vision driven, emergent learning nonprofit organization dedicated to ensuring 90 percent of all elementary students are reading on grade level by third grade. Our work is accomplished through innovative, evidenced-based approaches to teaching and learning; strong community collaborations that support children and families; and inspirational philanthropic engagement that provide resources to develop creative solutions to complex problems.

Join our team! The Learning Alliance is excited to announce its first-ever Director of Philanthropic Engagement (Director). The successful candidate will be an experienced and motivated nonprofit professional who can help us build and sustain our strong culture of philanthropy.

The Director will lead the development and execution of a fundraising strategy which celebrates the emergent learning culture and extends philanthropic opportunities to others who embrace The Learning Alliance mission.

Reporting to the President/CEO, the Director will provide strategic and operational leadership, manage the development function and programs including annual, major, planned and capital gifts. This senior level position is highly creative and collaborative, requiring experience with fundraising mechanics, policies, infrastructure and process development, as well as donor engagement strategies and major gift solicitation.

To apply: Please send cover letter, resume, salary requirements, and a one-page personal position statement based on the primary responsibilities and competencies section of the invitation to apply. This information should be emailed to search@carter.global by November 17, 2017.
