THE LEARNING ALLIANCE

2025-2026 IMPACT REPORT

YOUR SUPPORT DRIVES OUR IMPACT

A MESSAGE FROM OUR CHAIRMAN

Dear Friends and Supporters,

As we begin another year of progress and possibility, I am honored to write to you for the first time as Chairman of The Learning Alliance. I am deeply grateful for the opportunity to help advance a mission that is making a meaningful difference for children and families across Indian River County, and I want to first thank Ray Oglethorpe, who has served as Chairman since TLA's inception and helped build the foundation we stand on today.

This year, we have extraordinary progress to celebrate. The School District of Indian River County (SDIRC) has risen to **5th among Florida's 67 school districts,** and third-grade reading proficiency has increased to 7**6%, the third-highest ranking in Florida. Four elementary schools have now achieved 90% reading proficiency.** These numbers are evidence that when a community commits to a shared vision and focuses relentlessly on the needs of children, meaningful change is possible, bringing us closer to our Moonshot goal of 90% of students reading on grade level by the end of third grade.

We also recognize an important transition: Dr. David Moore, Superintendent of SDIRC, has announced he will step down at the end of this school year. On behalf of The Learning Alliance and our community, we thank him for his extraordinary work in pursuit of our Moonshot 90% Literacy Goal. Dr. Moore leaves behind a strong, connected **Moonshot Way of Work,** now woven into the daily practices of teachers, school leaders, and community partners, proof that this progress belongs to all of us, not any single individual.

The Learning Alliance serves more than 4,500 students in our public schools, partners with more than 350 dedicated educators, and supports more than 550 families with children from birth through age five, helping build a community where reading truly is everyone's business.

As your new Chairman, I am excited to build on this momentum and work alongside our educators, school leaders, families, donors, and community partners. Thank you for believing in our children and helping make Indian River County a place where every child can learn, thrive, and reach their full potential.

With gratitude,

Mike White

"Dear Donors,

Thank you so much for your generosity. Without this, many of our parents would not be able to afford tutoring for their child, which becomes an equity access issue. You make a DIFFERENCE so that we can make a difference and change lives!!"

— Sharon Keeley
Literacy Coach at The Moonshot School

DID YOU KNOW? Only 31% of the nation's fourth graders read proficiently. (NAEP, 2024)

Mission: To transform our community's future and become a model for the nation by creating a culture in which 90% of our children read on grade level by the end of third grade.

Vision: For our children to become literate, compassionate, creative citizens who will improve our world.

The Learning Alliance helps children read. As a nonprofit started by parents, educators, and business leaders, we support our community in reaching the Moonshot Goal of 90% of students reading on grade level by the end of 3rd grade.

When J'Ceon started school, he was a bright, curious boy who struggled with reading; a struggle COVID-19 made worse by cutting his VPK year short. With private tutoring out of reach, his mother Samantha felt heartbroken and desperate. "There were so many tears, so many moments of desperation," she recalls. "That's a heartbreaking place to be."

Everything changed in second grade when J'Ceon joined Moonshot Academy, The Learning Alliance's after-school program. "From the very beginning, there was a sense of warmth, of family, of belonging," Samantha says. "They never made him feel like a problem that needed fixing."

The teachers met him exactly where he was — no rushing, no labels, just patience and the right instruction, day after day. Slowly, it clicked, and J'Ceon could finally read smoothly.

Today he's a thriving fifth grader who reads for pleasure and recently starred as the lead in his drama club's production of Frog and Toad. Samantha remains deeply grateful to The Learning Alliance for the teachers who never stopped believing in her son.

Current Year Accomplishments

- 76% of Indian River County's 3rd grade students are reading at or above grade level
- Indian River County outperformed the state for 3rd grade reading achievement, 76% vs. 60%
- Indian River County is ranked #3 in Florida for 3rd grade reading achievement
- School District of Indian River County is an "A" for the fourth year in a row
- Four schools achieved the 90% Moonshot Literacy Goal

Moonshot School Recognition:
Vero Beach Elementary, the Moonshot School, ranks in the top 5% for overall achievement in Florida, among schools with 80% or more Free/Reduced Lunch

Served 4,550
K-3rd grade students with programming to improve reading outcomes

Supported 450
Pre-K students and 115 early childhood educators with a Prevention Intervention Coach and Behavior Technician during the academic school year

Provided 500+
families with language-rich activities to build early literacy skills

Supported 350
educators with training and coaching in the Science of Reading

Distributed 5,550 books and 800 learning kits to support early literacy development

DID YOU KNOW? Indian River County has been recognized 32 times by the Campaign for Grade Level Reading; more than any other community in the Nation.

COMMUNITY ENGAGEMENT

because children and communities thrive when literacy is a community priority

- 75 Community Partners
- 64 Volunteers
- 45 Reading Captains
- 11 MCAN Leadership Fellows

Literacy isn't just for classrooms; it belongs to the community. Through the "ABCs of IRC" project, residents united to choose words that now adorn parks and school fences as public art. These banners spark magical conversations between caregivers and children, bringing the science of reading to life outdoors. It's a powerful reminder that when we work together, everyday spaces become pathways to a brighter, literate future.

DID YOU KNOW? Providing language instruction and intervention in preschool ensures students have a strong foundation for learning to read by 3rd grade.

FAMILY PARTNERSHIPS

to strengthen parents as their child's first teacher

- 550 Families served
- 2 Family Connection Centers
- 60+ Lullaby family sing-alongs
- 20 Basics caregiver classes delivered

"Thanks to Moonshot Families, my son walked into his first day of full-time VPK-4 and said, 'I got this, Mom—bye!' When we started at Leisure Square, he wouldn't leave my side, and every drop-off ended in tears. Now his teacher pulls me aside to tell me he's one of the best-behaved kids in class. Moonshot Families didn't just help us find childcare—they helped my son find his confidence. I'm endlessly grateful for how far he's come."

— Moonshot Families Parent

DID YOU KNOW? Without consistent coaching, only 5% of educators will implement their professional learning in the classroom. (Joyce & Showers)

EDUCATOR COACHING & TRAINING

to ensure children have great teachers

- 350 educators supported, PreK through 3rd grade
- 5,000 students served, PreK through 3rd grade
- 27 positions funded District-Wide

"The mentoring and coaching I have received from The Learning Alliance has truly enhanced my experience and transition to Vero Beach Elementary. It is so refreshing to have a group of people who are ready and willing to support you, rather than simply watch you struggle. Their encouragement and guidance have given me the confidence to try new things in my teaching and continue growing as an educator. I am truly grateful for the support they have provided as I begin this new chapter at Vero Beach Elementary."

— Heather Needham
2nd grade teacher at The Moonshot School

DID YOU KNOW? Moonshot Academy serves 38% of all struggling third grade students.

AFTERSCHOOL & SUMMER TUTORING

to catch kids up

- 700 students served in Moonshot Academy
- 60 rising 3rd graders served in Literacy on the Lagoon summer programming
- 117% more growth in reading achieved by MSA students compared to peers

Through the Moonshot Academy summer program, the lives of more than 200 young students striving to improve their reading were transformed. Guided by dedicated educators and local partners, these children embraced targeted literacy instruction alongside arts and nature explorations.

Showing an incredible 90% attendance rate, the students arrived ready to learn and made tremendous academic gains. Their growth proves what is possible when a united community empowers every child to become a confident reader.

— Jessica Huber
Extended Learning Manager, The Learning Alliance

THE MOONSHOT SCHOOL

a hub of innovation

- Top 5% of schools in Florida with like demographics for overall achievement
- 17 Demonstration Classrooms
- 100% of teachers earned micro-credentials in the Science of Reading
- 82% Economically Disadvantaged Students
- 72% of 3rd graders reading on or above grade level

"Dear Donors,
Thank you for the opportunity to guide children to read. After working all grade levels, my heart has always been at the beginning of reading. If we can help them at an early age, then we can stop the struggle. Thank you for all the support."

— Luanne Lewis
Kindergarten teacher at
Rosewood Magnet School

The 2026 Wired to Learn Fast Summit convened the nation's foremost educational innovators, mobilizing a national coalition of 350 attendees, representing 146 organizations, 45 school districts, and 31 states.

The Moonshot Docuseries offers a compelling and inspiring narrative that delves into the transformative journey of Indian River County's schools. It showcases the collaborative efforts of families, community leaders, and educators in pioneering a groundbreaking public/private partnership model.

Witness the inspiring evolution of Indian River County schools. From struggling institutions to nationally acclaimed examples of educational excellence, epitomizing the resilience and determination to achieve 90% reading proficiency district-wide.

Watch the complete Docuseries.

"While the data excites investors, we are really investing in our children feeling loved and capable of learning; the by-product is good test scores."
